Our Startups Going Places!

We take immense pride in our startups becoming successful! Here are a few stories to give you a glimpse of where you could probably be as a startup one day! All the best!!

Highway Delite

URL: : <http://highwaydelite.com/>

Highway Delite has launched a mobile application for making road trips more fun and safer. They are winners of our Idea2PoC grant. They have verified highway routes across the country and provide information about various services like restaurants, hotels, lodges, fuel stations, mechanic, emergency numbers, and others on the mobile application.
